

- **Wi-Fi Service and Internet Access**

Crystal Cruises is pleased to provide both complimentary Wi-Fi service and satellite Internet access for our guests. All onboard Internet traffic travels from the yacht to a satellite before returning back to earth to load web pages. While aboard, there is no local high-speed Internet provider such as you would have at home. Satellite communication is the only way to “plug-in” and access the Internet. We are pleased to offer all the Internet comforts of home, and hope you understand that it takes a little extra time as web pages travel the extra miles for you.

- **Free Internet/Wi-Fi Service**
